

Hotel door blocker

Want one of the best door secondary door locks on the market? This hotel door blocker is perfect for in-swing doors on hotel and motels. Allows for the door to be opened enough to identify the person on the outside without having to open the door fully.

PROTECTS DOOR FROM DAMAGE:

Cannot be used to keep door open, avoiding damage done by door slamming against traditional flip latch or chain lock.

ENHANCED IN-ROOM PRIVACY:

Allows for door opening enough to identify person on the outside without having to fully open the door.

FOR IN-SWING DOORS:

Perfect for hotels & doors or any place that has corridor to interior door opening.

MP4933 (Brass plated)

MP4934 (Satin brass plated)

MP4936 (Satin chrome plated)

MP4937 (Satin nickel)
